PROFESSIONAL SUMMARY

Detail-oriented Computer Science and Engineering graduate (2026) passionate about software development, data architectures, and building scalable dynamic web applications. Possesses a strong academic and technical foundation in core programming languages including Python, Java, C, and C++, alongside hands-on project implementation experience using front-end technologies and Machine Learning frameworks like TensorFlow.

TECHNICAL PROJECTS

Real-Time Sign Language Translator (Python, TensorFlow)

- Developed a computer vision application to interpret and translate sign language gestures into text format.
- Implemented a customized model using the TensorFlow Object Detection API to accurately detect hand gestures.
- Optimized inference pipelines for smooth frame rates, enhancing real-time performance.

Screen Recorder Application (Python)

- Engineered a native screen recording tool featuring a graphical user interface built entirely with the Tkinter library.
- Integrated system-level frame capturing mechanisms to smoothly record on-screen interactions and outputs.

Amazon Clone Frontend (HTML5, CSS3, JavaScript)

- Constructed a user interface replicate of the Amazon e-commerce homepage using responsive layout structures.
- Utilized modern CSS Flexbox/Grid architectures and implemented dynamic DOM manipulations via vanilla JavaScript.

TECHNICAL SKILLS

Languages: Python, Java, C, C++, JavaScript, SQL

Web Technologies: HTML5, CSS3, JavaScript (ES6)

Databases & Tools: DBMS, MySQL

Frameworks & Libs: TensorFlow, Object Detection API, Tkinter

Other Tools: Adobe Photoshop, Adobe Premiere Pro, Blender 3D

EDUCATION

Institution / Degree	Timeline	Performance
JIS University B.Tech in Computer Science & Engineering	2023-2026 (Expected)	DGPA: 9.0/10
North Calcutta Polytechnic Diploma in Electrical Engineering	2020-2023	GPA: 8.5/10
ITI, Hooghly ITI-Machinist Motor Vehicle (MMCP)	2018-2020	GPA: 7.9/10
Ichapur Northland High School Higher Secondary (Class XII) / Madhyamik (Class X)	Graduated 2018/2016	Class XII: 59% Class X: 75%

INTERESTS & HOBBIES

- Sketching Portraits:** Structural precision, detailed spatial observation, and creative focusing.
- Playing Games:** Tactical positioning, real-time strategic alignment, and complex logic environments.
